Article No.:	8019229 Optimus Polaris Optifuel

PRODUCT CHARACTERISTICS > BENEFITS

- ONE JET - ANY FUEL: The multitasking stove with its single jet technology delivers excellent cooking performance with LPG Gas, White Gas, Kerosene, Diesel and Jet Fuel without having to change anything on the stove.
- Integrated MAGIC™ cleaning needle for quick and easy cleaning of the jet – even during cooking.
- Durable aluminum pump for more safety and convenience.
- Self purging FLIPSTOP™ pump clears the burner of fuel and depressurizes the fuel bottle.
- Patented quick priming burner requires less preheating and saves fuel.
- Integrated 4 season mode when operating the stove with gas. For increased heat output - for example in cold conditions and to reduce boil time.
